

CODE OF CONDUCT

COMMUNITY STANDARDS

Startup Sherpas has a code of conduct for Sherpees (the young people on its programmes), Community Sherpas, parents and ourselves which you can read about in our Code of Conduct. We ask that you hold yourself and other participants to these standards.

If you see behaviour that goes against these standards, let us know at hello@startupsherpas.org. Please assume the best intentions in others when something goes wrong and share feedback in a constructive way.

STARTUP SHERPA VALUES

Startup Sherpas provides objective, secular, and age-appropriate content. In addition we promote equality and embrace the individuality of our Sherpees so that they benefit as fully as possible from the support they receive. We aim to create a community that respects and supports each other.

If you find content that does not adhere to these values let us know at hello@startupsherpas.org.
